Mayor John Byrum - Midway, NC

"Larry Potts has the grit and resolve needed to serve all the citizens of District 81 in the NC House. His decades of experience as a public servant coupled with his demonstrated ability to understand and analyze complex issues have qualified him for this position, at this time. I have had the privilege of serving alongside Larry Potts on the DSS Board of Directors and EDC Board of Directors and have witnessed first hand his ability to participate, lead and conduct business in a manner worthy of a true servant. I wholeheartedly support Larry in his run for Representative District 81 in the General Assembly."
