

LARRY W. POTTS

NC HOUSE DISTRICT 81

POTTS FOR NC HOUSE

2-12-18

Today I am announcing my candidacy for re-election to the NC House, District 81.

It has been both an honor and a challenge the last year serving as your representative in the NC House.

I have been, will be and am committed to strong conservative moral-social and fiscal values. These values build strong families for a sound society and economic environment where both can prosper.

After over 20 years serving as a County Commissioner the last year has been a learning experience as well. It has also been a rewarding experience as I have been able to sponsor 11 bills and serve as a co-sponsor on over 40 more.

I was fortunate enough to be able to get \$250K in state funding for the new industrial park where the international company Eggers is locating that will add over 700 jobs and 700 million dollars to Davidson County's economy when completed. Also, I was able to obtain \$250K for recreation and sewer expansion grants for the county.

NC continues to be the top State to locate a business according for Forbes Magazine. This is due to the strong reduction in state regulations—reduction in state corporate taxes as well a personal income tax (99% of NC residents will pay lower or no income tax next year).

We have been able to increase the state Emergency Fund to 1.8 billion dollars for future disasters. For the fourth year we have increased teacher pay in our march to improvement and have increased funding to education over 700 million in four years.

Again I have been honored to serve in the State House and look forward to serving my family-friends and the citizens of the 81st district in the future.
